

Paris Villepinte, November 19, 2019

PRESS RELEASE

ACTI presents its products and services at Milipol

ACTI Groupe presents its products and services at the Milipol fair which takes place at the Parc des Expositions Paris-Nord Villepinte from November 19 to 22, 2019. This global event for the safety and internal security of the States allows ACTI to showcase its offer in terms of drones and robotics, in particular with the following products:

- multi-mission vessel (rescue, search of bodies, floods ...)
- operated rescue board
- commercial diving equipments (suitcase, helmet, outfit).

But Milipol is also an opportunity to exchange around all the services offered by ACTI, in particular its expertise in the naval and industrial fields for the public, private, civil and military sectors.

ACTI offers its clients a proximity service that combines the world of maintenance and repair with that of engineering and construction, in the trades of piping, boilerworks, sheet metal works, ironworks, fittings, mechanical-machining. Innovation is at the heart of the company's stakes.

Established since 2000 in the South of France (Var), the company is also present on the French Atlantic coast - through its subsidiary Chantier Bretagne Sud - in Corsica and the West Indies. ACTI is also active in other countries (Italy, Spain, Croatia, Greece, ...).

The company employs more than 250 highly qualified people, 2/3 of whom are technicians and specialized workers and 1/3 of engineers. It is characterized by its excellence and responsiveness.
